

# Spiritual Growth Retreat

August 4-11, 2012

Prayer Unites Us with God and His Creation - based on Luke 6:12 and Luke 11:1

Challenge and enrich your prayer life during this week as you focus on four of Jesus' prayers and other current writings on prayer. Experience what the founders of Green Lake discovered over 60 years ago . . . that this is a unique place for "A Closer Walk with God."

This intimate week is open to 25 people to encourage a community feeling. Housing is available at the Christian Writing Center overlooking the lake, where morning and evening sessions are held. Afternoons are unstructured.

*"I continue to attend because I have found it a venue at which those in attendance are, without exception, dedicated to living their lives as Jesus directs. Jesus lives, not just in our hearts as the hymn suggests, but at Green Lake, especially at the Spiritual Growth Week." --2011 participant*

Private pier at Christian Writing Center

Guest Speaker: Robert Benson, writer and leader of retreats on prayer, silence, writing, and spirituality. He says of his work: *"I write two kinds of books about the same things-paying attention for and to the Holy in the midst of our lives."*
