

Join the bouquet of Green Lake Volunteers

**“This is my first ‘job’ that is totally fun.”
-Jan Spencer, volunteer (flower arranger)**

“Flowers are so like people. Each one has its own beauty and characteristics. Placed together in a bouquet, even more beauty is shown.” -Gerry Mottram, volunteer (flower arranger)

The same can be said about the volunteers who serve Green Lake Conference Center each year in Troster Art Studios, the maintenance department, Guest Services, administrative offices, grounds tours and Greenhouse.

Jan Spencer of Linton, Indiana and Gerry Mottram of Billings, Montana create floral arrangements that enhance hotel lobbies, the dining room, and meeting rooms. After gathering flowers on grounds, they choose from various pots and vases in the Greenhouse and arrange them in fantastic combinations, bringing joy to countless guests. However, they are quick to give Greenhouse Manager Carol Mittelstaedt, her crew, and God, the credit!

If you would like to serve at Green Lake, showing personal concern for guests and assisting in whatever ways as needed, consider volunteering. Skills, interests and experience in specific areas of need is helpful, as well as good physical health and stamina to carry out tasks. Most volunteers serve at least four weeks; many serve three or more months.
