30	31					

At this time, by personal request, we are not able to announce our bible study leader's name for the retreat. Information of 'who it is' will come after the beginning of April! For now, just know that this person will bring the same high level of teaching that we enjoy in these retreats. They are highly respected and loved and will fit into our time together in many wonderful ways. Because of a life-change event we must wait until it is officially announced in a few weeks. The participants in this year's retreat will be the first to have this wonderful friend leading us in the bible study. An extra piece of news, **just for you**, is that this individual will begin serving as a new member of the GLCC staff this summer!!
